The following is an examiner's statement of reasons for allowance:

Amendment of 8/25/03 has overcome 112 and prior art rejections of record. The amendment renders claims of a scope such that they have benefit of the filing date of great-grandparent application 09/060,872.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The information disclosure statement filed 8/21/03 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed (No copies of foreign references or of the written opinion were provided). It has been placed in the application file, but the information referred to therein has not been considered.

The information disclosure statement filed 8/21/03 fails to comply with 37 CFR 1.97(d) because it lacks a proper statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

Specifically, the statement cannot be correct for the following reasons:

- 1) WO95/05849 was cited in the first action of parent application 09/677,822 (Paper 16, pg 6); this action was written by the instant examiner and mailed 1/14/03.
- 2) WO99/06061 was cited in the first action of parent application 09/677,822 (Paper 16, pg 5); this action was written by the instant examiner and mailed 1/14/03.

3) WO99/53078 has an inventor in common with the instant inventive entity. Also this reference was of record in the IDS submitted 2/11/02.

From the above it is clear, that both applicant and examiner were aware of the references more than 3 mo. Prior to 8/21/03.
